

Security Consortium International Limited

33 Bury Street, St James's, London SW1Y 6AX

OIL AND GAS INDUSTRY SERVICES

Security Consortium International is a group of independent consultants who work together to provide solutions to a wide range of security problems in all sectors of industry and commerce as well as for government installations, public buildings, royal residences and private individuals both in the UK and worldwide. Each individual consultancy consists of experts who have many years' experience in their chosen specialist area of security thus SCI is able to provide a total solution to any problem situation which a single consultancy would be unable to do.

SCI is structured around the belief that the most important asset we contribute is the ability to help our clients pre-empt and avoid potential disruption to their business.

SCI's OIL AND GAS PROJECTS AND EXPERIENCE

Security Consortium has many years' experience working in the oil and gas industry. Projects on which our consultants have worked include:

- Detailed security review of gas extraction, processing, transportation and shipping for the State of Bahrain.
- Security review of oil and gas installation in Nigeria and Lithuania.
- Security review of oil and fuel installations at Uganda's international airport.
- Hazop analysis of oil and gas installations for 25 companies in 35 different countries.

SCI DELIVERS

- A detailed threat assessment for all oil and gas facilities.
- A review and report on the effectiveness of existing security measures.
- Recommendations on equipment, systems, policy, procedures and training to improve security.
- A detailed specification of all agreed equipment to be sent out for competitive tender.
- Tender evaluation, project management and commissioning of system.
